

## Application for Microgrant for 2022-23

We recognize that many organizations are facing challenges due to the ongoing pandemic. We have heard that maintaining community connections, carrying out programs, raising funds through grants and self-generation are difficult and causing strains.

Please submit information electronically on the forms provided. Please type all applications, whether you use the Word forms or online; it is very difficult for committee members to read scanned handwritten documents. There is no longer a need to sign documents.

Send all applications to the Multicultural Council of Saskatchewan at [exec@mcos.ca](mailto:exec@mcos.ca).
